

About Multi

Our place data powers unique local experiences by surfacing points of interest as **actionable, social, real-time** and **relevant**.

We offer a complete digital picture of points of interest around the country. Our database focuses on restaurants, bars and cafes and is enriched with social profiles and apps like delivery and reservation services per individual place.

~96%

Overall data accuracy

20+

Apps and services enrich data beyond basic information

Always fresh

Last data update:

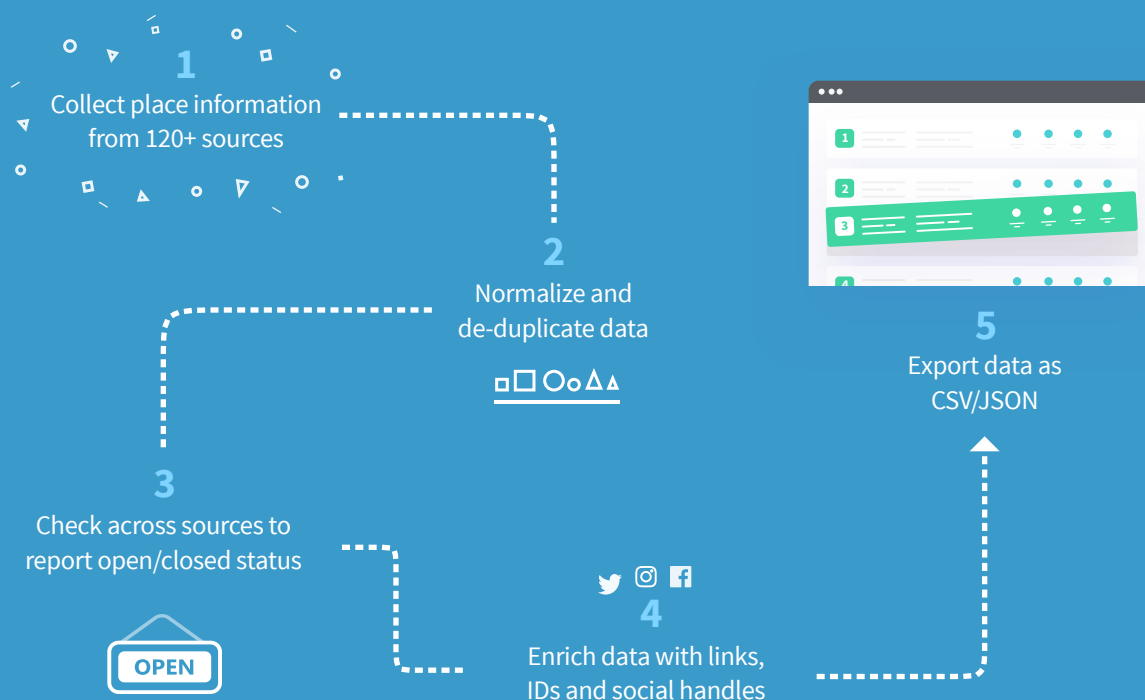

February 11, 2018

Update options:

Standard – updated monthly

Premium – bi-weekly, weekly, daily options available

Our Process – Collecting, Normalizing, Checking, Enriching

Our Data

Our place data is enriched with the platforms businesses are already reaching customers on. Approximately **75% of Multi places have a Facebook**, **36% have a Twitter**, and **34% are on Instagram**.
